

NO PERFECT PEOPLE, INC

WE STARTED WITH A SIMPLE THOUGHT:

PEOPLE HELPING PEOPLE

We are a group of people who are passionate about making a positive impact in our community and in the world. Often an opportunity to make this impact is right in front of us -- it's on the street corner, in the seniors' center, in the cries of children who need a warm meal, in the faces of disaster victims, or in the hearts of parents with a special needs child. It is our dream to change the circumstances of despair and disappointment.

Through service we leave a lasting impact, a visual change, reminding people that there is hope, and that change is possible! Everything that NO PERFECT PEOPLE, INC. does is carried out with the belief that every human being is precious and deserves love, respect, and a chance to live a full life. We seek to encourage people to believe again, to try again, and to start again. We invite you to join us, to be a part of the change. Together, we can make a difference in our communities and in our world!

WE SERVE THE CITY

"Serve the City" is a day of service where NPPI partners with not-for-profit organizations to make a positive impact for their organizations by completing various projects. Collectively, NPPI has donated over 3,500 volunteer hours at our Serve the City event in March, 2014.

WE FEED THE CITY

Annually, NPPI organizes "Feed the City" where we partner with the local school system as well as local churches to provide thousands of meals for the Thanksgiving holiday.

Internationally, NPPI is working with others to make a positive impact in lives around the world by providing food, education, and shelter to orphans in Haiti and Nicaragua, and leadership training to positive organizations in Cuba.

We see communities around the world changing for the better.

AND WE GO...

INTERNATIONAL

REACHING AS FAR AS WE CAN TO MAKE A
POSITIVE IMPACT IN LIVES AROUND THE WORLD

HAITI

We provide food, educational supplies, clothing, and pay the utilities for an orphanage of 40-60 girls just outside of Port Au Prince, Haiti. The girls range from 2-18 years old. Through ongoing financial support and several trips every year, we have developed a healthy relationship with the girls and are working to see them succeed in every area of life.

After the devastation of Hurricane Isaac, 70 orphans were left without adequate shelter. NPPI responded within 8 days by sending a team of 12 down to construct 7 brand new Safe-T homes. The homes are hurricane and earthquake proof, providing safe shelter for all 70 orphans, as well as providing space for many more who need shelter.

NICARAGUA

By providing food, shelter, transportation, and education to over 30 orphans in Nicaragua, we are making a lasting impact in Central America. These orphans go on to take part in higher education and to become positive contributors to society and to the world as a whole. Not only are we providing for the orphans, but we are also serving the communities by hosting a feeding and tutoring program for the poorest of the poor in the area.

WHAT WE ARE DOING

NEW AS OF JANUARY 2014

PRISON OUTREACH

In January of 2014 we began a prison outreach to the Women's Homestead Correctional Facility in Miami, FL. Volunteers serve weekly with the inmates providing counseling, study opportunities, and rehabilitation courses. The goal is to grow and equip the inmates with the life skills necessary to be successful, contributing members of society.

ORPHANAGE IN NICARAGUA

This year we adopted an orphanage in Nicaragua. Here we give support in the form of food, shelter, and education following the model we established in Haiti.

DISASTER RESPONSE TEAM

We have the staff and volunteers in place, and we are open to doing more for the communities we serve.
